

HAND PROTECTION

Premium Flexible Waterproof Triple-Coated PVC Chemical Handling Gloves

DESCRIPTION

These premium super flexible triple dipped PVC gloves feature a seamless brushed terry cloth lining that keeps your hands warm and dry. The liner flexes with the glove allowing freedom of movement and reducing the hand fatigue associated with working in cold environments. The triple dipped PVC is specially formulated for the handling of chemical residues, oils, or greasy materials. This specially formulated PVC stays flexible in temperatures down to -5°F. The sandpaper grip enhances the handling of objects wet or dry.

INDUSTRY	
Low Temperature Applications	Freezer Applications
Outdoor Activities	Commercial Fishing
Cold Material Handling	Petrochemical
