

# FROGWEAR® SAFETY WEAR

## High-Visibility Self-Extinguishing Yellow/Green Duster Jacket

\*Pair with GLO-1700 for a complete suit

### FEATURES

- 0.18 mm PU coated 150D oxford polyester
- 3M™ reflective material enhances low-light visibility
- High-visibility yellow/green
- Fully taped seams are waterproof and windproof
- Self-extinguishing as defined by ASTM D6413 (<2.0s flameout / <6" char length). This garment should never be used where an arc flash or flash fire hazard is present. Self-extinguishing properties diminish with washing.
- Nonconductive hardware
- Elastic inner sleeves
- Clear name tag holder
- Concealed hood
- 45 inches long
- Total Pockets: One - (1) outside with flap
- Snap front closure and vented cape back
- Hook-and-loop cuffs ensure a secure fit

ITEM **GLO-1450**

SIZES **M-4XL**

**DISCLAIMER:** Self Extinguishing garments are made from material that is not inherently flame retardant, but are chemically treated to become flame resistant. They are NOT designed for use in ARC flash or flash fire applications. When a flame source is removed from the treated material, the material will self-extinguish within a given time frame. The treated material can melt and drip and has a limited life span dependent on washings and what the garment is exposed to. Performance is established using the ASTM D6413 test method.
